ADEM UST ULLAGE TANK TIGHTNESS TEST REPORT FORM

READ THIS PARAGRAPH BEFORE COMPLETING FORM:

Tightness test data and results for every test performed are required to be submitted to the Department. This form must be completed and included with the test data or the submittal will not be accepted. Test data must include waiting time between delivery and testing, start time, end time, recorded volume changes and times, correction factors and calculations, and calculated leak rate. All test data must be submitted on 8 ½" X 11" paper or the submittal will be returned. Note that you can place up to 6 Unique Tank Numbers on one form, assuming that the Facility ID Number and the test equipment remain the same.

NOTE: The corresponding underfilled test must be attached to this form or the ullage test will not be accepted.
