

ALABAMA DEPARTMENT OF ENVIRONMENTAL MANAGEMENT

IN THE MATTER OF:)
Town of Carrollton) PROPOSED
Carrollton, Pickens County, Alabama) ADMINISTRATIVE
ORDER NO: 23-XXX-AP

FINDINGS

Pursuant to the provisions of the Alabama Environmental Management Act, Ala. Code §§ 22-22A-1 to 22- 22A-17, as amended, the Alabama Air Pollution Control Act, Ala. Code §§ 22-28-1 to 22-28-23, as amended, the Alabama Department of Environmental Management ("Department" or "ADEM") Administrative Code of Regulations ("ADEM Admin. Code R.") promulgated pursuant thereto, and the federal Clean Air Act, 42 U.S.C. 7401 to 7671q, as amended, the Department makes the following FINDINGS:

1. The Town of Carrollton (Carrollton) owns real property on Cox Street (the "Site"). The Site, a town-owned tractor shed, is located at latitude/longitude (33.2655, - 88.0974), Carrollton, Pickens County, Alabama. The Parcel Number associated with the Site is 541802032002008000.

2. The Department is a duly constituted department of the State of Alabama pursuant to Ala. Code §§ 22-22A-1 to 22-22A-17, as amended.

3. Pursuant to Ala. Code § 22-22A-4(n), as amended, the Department is the state air pollution control agency for the purposes of the federal Clean Air Act, 42 U.S.C. 7401 to 7671q, as amended. In addition, the Department is authorized to administer and

enforce the provisions of the Alabama Air Pollution Control Act, Ala. Code §§ 22-28-1 to 22-28-23, as amended.

4. ADEM Admin. Code r. 335-3-3-.01(2)(b)1 states that "...open burning must take place on the property on which the combustible fuel originates."

5. ADEM Admin. Code r. 335-3-3-.01(2)(b)2 states that "The location of the burning must be at least 500 feet from the nearest occupied dwelling other than a dwelling located on the property of which the burning is conducted."

6. ADEM Admin. Code r. 335-3-3-.01(2)(b)4 states that "Only vegetation and untreated wood may be burned. It is unauthorized to open burn heavy oils, asphalt products, plastics, vinyl materials, insulation, paper, cardboard, natural or synthetic rubber, salvage or scrap materials, chemicals, garbage, treated or painted wood, or any trash."

7. On August 25, 2022, the Department received a complaint regarding the continuous unauthorized open burning of imported vegetation and other regulated materials being conducted by Carrollton at the Site. The complainant stated that, for the past year, Carrollton started dumping household waste and burning plastic, metal, flammable tanks, furniture and other miscellaneous items at the Site.

8. On August 31, 2022, an inspection was performed at the Site by Department personnel. Evidence of open burning was observed at the time of inspection. Waste seen at the Site consisted of construction and demolition waste.

9. On September 1, 2022, Department personnel spoke with a Carrollton representative informing him that the burning of imported vegetation and all other waste is a violation of the Open Burning regulations. The representative indicated that Carrollton was not aware of the open burning violation for imported vegetation and did not acknowledge the presence of other regulated materials at the Site.

10. Pursuant to Ala. Code § 22-22A-5(18)c., as amended, in determining the amount of any penalty, the Department must give consideration to the seriousness of the violations, including any irreparable harm to the environment and any threat to the health or safety of the public; the standard of care manifested by such person; the economic benefit which delayed compliance may confer upon such person; the nature, extent and degree of success of such person's efforts to minimize or mitigate the effects of such violations upon the environment; such person's history of previous violations; and the ability of such person to pay such penalty. Any civil penalty assessed pursuant to this authority shall not exceed \$25,000.00 for each violation, provided however, that the total penalty assessed in an order issued by the Department shall not exceed \$250,000.00. Each day such violation continues shall constitute a separate violation. In arriving at this civil penalty, the Department has considered the following:

A. SERIOUSNESS OF THE VIOLATION: Carrollton conducted unauthorized open burning of imported vegetation and other regulated materials on more than one occasion. The Department considers these violations to be serious.

B. THE STANDARD OF CARE: There appeared to be no care taken by Carrollton to comply with the applicable requirements of the ADEM Admin. Code rs. 335-3-3-.01(2)(b)1, 335-3-3-.01(2)(b)2 and 335-3-3-.01(2)(b)4.

C. ECONOMIC BENEFIT WHICH DELAYED COMPLIANCE MAY HAVE CONFERRED: Carrollton likely derived an economic benefit by not legally disposing of the imported vegetation and other regulated materials.

D. EFFORTS TO MINIMIZE OR MITIGATE THE EFFECTS OF THE VIOLATION UPON THE ENVIRONMENT: Some effort was taken by Carrollton to

mitigate possible effects of these violations upon the environment at the time of the violations.

E. HISTORY OF PREVIOUS VIOLATIONS: Carrollton has no previous history with the Department for violating the open burning regulations.

F. THE ABILITY TO PAY: Carrollton has not alleged an inability to pay the civil penalty.

G. OTHER FACTORS: The Department has carefully considered the six statutory penalty factors enumerated in Ala. Code § 22-22A-5(18)c., as amended, as well as the need for timely and effective enforcement, and has concluded that a civil penalty herein is appropriate (*See* "Attachment A", which is hereby incorporated into these Findings).

ORDER

Based upon the foregoing FINDINGS and pursuant to Ala. Code §§22-22A-5(10), 22-22A-5(12), 22-22-5(18), and 22-28-18, as amended, it is hereby ORDERED:

A. That, not later than forty-five days after the issuance of this Order, Carrollton shall pay to the Department a civil penalty in the amount of \$2,500.00 for the violations cited herein. Said penalty shall be made payable to the Alabama Department of Environment Management by certified or cashier's check and shall be submitted to:

Office of General Counsel
Alabama Department of
Environmental Management
P.O. Box 301463
Montgomery, Alabama 36130-1463

B. That, immediately upon receipt of this Order and continuing thereafter, Carrollton shall ensure immediate and future compliance with ADEM Admin. Code rs. 335-3-3-.01(2)(b)1, 335-3-3-.01(2)(b)2 and 335-3-3-.01(2)(b)4.

C. That, should any provision of this Order be declared by a court of competent jurisdiction or the Environmental Management Commission to be inconsistent with federal or state law and therefore unenforceable, the remaining provisions hereof shall remain in full force and effect.

D. Except as otherwise set forth herein, this Order is not and shall not be interpreted to be a permit or modification of an existing permit under federal, state or local law, and shall not be construed to waive or relieve Carrollton of obligations to comply in the future with any permit or other written direction from the Department.

E. That, issuance of this Administrative Order does not preclude the Department from seeking criminal fines or other appropriate sanctions or relief against Carrollton for the violations cited herein.

F. That, failure to comply with the provisions of this Administrative Order shall constitute cause for commencement of legal action by the Department against Carrollton for recovery of additional civil penalties, criminal fines, or other appropriate sanctions or relief.

ORDERED and ISSUED this ____ day of _____, 2022.

Lance R. LeFleur, Director
Alabama Department of Environmental
Management
1400 Coliseum Boulevard
Montgomery, Alabama 36110-2059
(334) 271-7700

CERTIFICATE OF SERVICE
